LinCU ACTIVE FAQ's

Frequently Asked Questions about the LinCU MasterCard Program:

1. WHO IS LinCU?

LinCU Limited is a limited liability company established in 2003 to service a niche market – the Credit Union Sector. LinCU began its operations on 12th May, 2007. It was formed by four credit unions – RHAND, TECU, Teachers and Police – with the purpose of providing electronic financial products and services to the Credit Union Movement in Trinidad & Tobago.

2. WHAT ELECTRONIC PRODUCTS & SERVICES HAVE BEEN PROVIDED THUS FAR BY LinCU?

The company's first product was a co-branded Visa Debit Card, developed as a collaborative effort between LinCU Limited and the Trinidad and Tobago Unit Trust Corporation.

Today, in partnership with First Citizens Bank Limited we have re-launched with an international co-branded MasterCard Prepaid.

3. WHY THE MOVE FROM TTUTC CO-BRANDED VISA DEBIT CARD TO A FIRST CITIZENS CO-BRANDED MASTERCARD PREPAID?

The agreement with TTUTC came to an end due to their inability to fulfill requests for additional services, which had become common place. This non-fulfillment of these requests began to affect LinCU's sales, marketing and development plans.

4. WHAT ARE THE BENEFITS OF A PREPAID CARD?

- Hassle free.....Great alternative to cash, cheques and credit cards
- Shop in store locally and internationally, online shopping and access to ATMs
- Send money to your family and friends abroad easier than ever by having a co-card
- Manage your finances....Spend what you can afford and avoid debt
- Enjoy Chip & Pin Security, where accepted for added security
- Shop & Save with the Active Lifestyle Loyalty & Rewards Program

5. HOW IS A PREPAID CARD DIFFERENT FROM A CREDIT CARD?

The Credit Card application involves credit assessment and credit checks in order to approve the application; whilst neither a credit check nor assessment is required for a Prepaid Customer.

The Prepaid Card can only be used when the customer loads money onto the card. On the other hand, when a bank approves a Credit Card, the Bank gives the customer funds to spend in the form of a line of credit on a card which is available once the customer receives the card.

With a Prepaid Card, since the customer is using his/her own funds there is no “payment required” nor “payment due date”. However, overdrawn balances on the customer’s Prepaid Card account will be set-off against accounts held with their Credit Union. Very simply, purchase the Prepaid Card, load funds, use the funds and then reload with your funds when you need to increase the available funds on the Card.

6. [HOW DOES THE LinCU MASTERCARD PREPAID WORK?](#)

The LinCU MasterCard Prepaid is a reloadable prepaid card.

- Once the member reloads the Card with more funds he/she will have more funds available to spend.
